

Subject: Demonstrations

Purpose: To Establish a Policy for Safe Member Demonstrations.

Whenever used in this Policy, the term "Demonstrations" shall include but not be limited to demonstrations, protests, vigils, and parades, that are held outdoors on GRF property.

At least one GRF member or Rossmoor club must submit a request to the Public Safety Manager and/or Securitas Dispatch before conducting a demonstration on GRF property by submitting a written application Sunday through Saturday at least 1 day prior to the planned demonstration event. The request is to be acted on in a timely manner by the CEO or Designee and can be denied for reasons of safety only.

The application must state the demonstration date, time, and location.

Organizer(s) will be responsible for all clean up and the cost of any repair of any damage.

Organizer(s) must communicate to all participants that they are to adhere to all California state and local laws including the County Public Health Orders.

Organizer(s) will do their best to communicate and ensure that participants stay out of roadways, driveways, entries, points of egress/ingress and street medians. Motor vehicles must not be impeded in any way.

Demonstrations on GRF property are only available to GRF members and Rossmoor clubs.

This Policy only covers GRF property and does not extend to Mutual property. Organizers are advised to obtain permission from any Mutuals if the event is anticipated to cross onto, or cause interference with, Mutual property.

Authority: Policy
